

## OFERTA DE BECA

La empresa **Rico Logistics** está interesada en contar con una persona en régimen de beca para realizar labores de testing. Esta es una compañía local de una multinacional de origen británico dedicada a la logística, por lo que un alto nivel de inglés es fundamental.

Interesados contactar con la profesora **Valeria de Castro** ([valeria . decastro @ urjc . es](mailto:valeria.decastro@urjc.es))

Key attributes for a person to work as an intern and the conditions;

1. 3 month contract to be extended to 6 months (review after 10 weeks)
2. 5 to 8 hours per day, will be dependent on their studies but it is the summer holidays now so can be a flexible contact until they have studying commitments. It will be Monday to Friday.
3. Their English must be to a high level generally and in technical (IT) speak
  - a. Need to be fluent in Spanish
4. Payment will be reviewed with each candidate but I will be looking to pay approx. €400 per month for 5 hours and €600 for 8 hours per day
5. They will be working in either the Rico office or the customers office
6. The role/job scope is;
  - a. Execution of Manual and Automated tests
  - b. Creation of test cases/scripts
  - c. Review and evaluate the testing processes
  - d. Producing high quality test reports
  - e. Controlling and executing UAT
  - f. Reporting issues with programs and functionality which are documented
  - g. Liaising directly with programmers and the software house to report issues and obtain information
  - h. Working directly with the Rico customer (on their site), attending meetings and conference calls
  - i. Reporting to the Rico project manager
7. Skills I am looking for are;
  - a. Good communication skills, both written and verbal including the ability to disseminate ideas and information in an open, crisp and coherent manner to peers and management
  - b. High level English (general) and IT specific language
  - c. Familiar with XML
  - d. Medium to high level "Office" applications user (spreadsheet being the primary)
  - e. An eye for detail and ability to focus on the task(s) being performed
  - f. Pro-active attitude and enthusiasm to the tasks being performed
  - g. Ability to work on several tasks at 1 time (multi-tasking)
  - h. Ability to work as part of a team and to lead on occasions
  - i. Logical approach to problems and tasks
  - j. Excellent analytical and problem solving skills
  - k. If any logistics experience it will be welcome but not essential
